If you leave your tax planning until the end of the tax year, **you could be missing out on a year's worth of reliefs and allowances.** Here's a reminder of some of the key tax reliefs and allowances available, to help make your money work harder:

We can help you achieve a tax-efficient financial plan by providing advice that's based on a thorough understanding of your personal circumstances and goals.

Earn up to **£1,000** interest on your personal savings tax free

Invest up to **£40,000** in your pension every tax year and receive tax relief on those contributions

Invest up to **£20,000** each year tax efficiently with an ISA

Make the most your **£11,700** capital gains tax allowance when selling an asset or investment that has increased in value

If you need to draw income, using your personal allowances, savings allowances, ISA withdrawals and other allowances in combination can be very effective

Earn up to **£2,000** in dividend Income from your investments and pay no income tax

Review your potential inheritance tax liability with the introduction of the Residence Nil rate band

Consider whether you could take advantage of tax efficiencies available from investing in an Enterprise Investment Scheme or Venture Capital Trust. Please note these are specialist investment options that carry higher risk

Please bear in mind that this information is based on our current understanding of the rules for the 2018-19 tax year. HM Revenue and Customs practice and the law relating to taxation are complex and subject to individual circumstances and changes which cannot be foreseen. The value of investments and any income from them can go down as well as up and you may not get back the original amount invested.
